The First Sign of falling health, whether in the form of sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sursaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting th digestion and saminilation of food, restor ing the nervous forces to their normal condition, and for purifying, enriching, and vitalising the blood.

Failing Health.

Ten years ago my health began to fait. I was troubled with a distressing Cough, Night Sweats, (Waskness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without atopping to rest. My friends recommended me to try Ayer's Sarssparilla, which I did, and I am now as healthy and strong as ever.—Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparilla, in my family, for Scroinia, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribedlit as a tonic, as well as an alterative, and faust say that I honestly believe it to be the observable of medicine ever composinced.—W. F. Fowier, D. D. S. M. D., Greenville, Tenn.

Dyspepsia Cured. It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Saraparilla. I was under the care of various physicians and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored.—Mary Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.—H. D. Johnson, 683 Atlantic and Brooklyn N. Y.

-Tapestry is neither real weaving nor true embroidery, but in a manner unites in its working these two processes into one. Though wrought in a loom and upon a warp stretched out as long as its frame, it has no woof thrown across those threads with a shuttle or any like appearance, but its weft is done with many short threads, all variously colored and put in by a needle. It is not embroidery, though so very like it, for tapestry is not worked upon what is really a web, having both warp and woof, but upon a series of closely-set fine strings .- Boston Budget.

-The New Brunswick (N. J.) WASHINGTON, May 27,-The National

drill amphitheater was crowded with

people when the competitive company drills began vestorday. First came the Governor's Guards, of North Carolina; their movements were very amouth, but The Louisiana Rifley drilled in such a er as to elicit much applause. Sarsfield Guards, of Conmanner as to elicit much appliance.
The Sarsield Guards, of Connecticut, were excellent, but
in military evolutions were deficient.
Company F, first New Jersey, were the next contestants, but neither in marching or in the manual did they drill to bring forth much applause. The Washington Light Infantry came next and were re-ceived by the assemblage with great applause. Their drilling, both in the nanual and marching, was excellent, and it was generally conceded that no other company before them had done so well. Heveral serious errors were, however, credited to them.

The principal feature of the day, how-

ever, was the drilling of the Toledo Cadets, and a superb exhibition of the manual of-arms it proved to be. The movements required of this company were more difficult and completer than any thus far shown in the drill. Cattle Quarantines. Washisotos, May 27 Owing to the re-ported prevalence of pleuro-pneumonia among cattle in Scotland, the Treasury Department has ordered that guitle and holes from this country be excluded from ports of the United States until further orders. The Commissioner of Agricultare who auggested to the accretary the remained of this order, says that it is rendered necessary by the rapid increase of contagious plouro-pacquionia in that country during the past few months. He is informed that the authorities in Scotland have lost all control of the disease and find efforts to there it univeriling. While a strict quarantine is now maintained of all cattle imported from abroad, nevertheless the peculiar character of pieuro-pneumonia, and the ancertain time it takes to develop, necessitates, for the protection of the cuttle interests of the United States, that all importation from countries where the disease exists should for the present be absolutely pro-

THE BUTCHERS' BARBECUE.

Thirty-Five Thousand Pounds of Beef Roasted and Eaten.
Unicago, May 27.—In the trial of Mc-Donald and McGarigle yesterday in Judge Shepard's Court, "Nick" Schneider, the county boiler maker, testified against the defendants, and told how he and they divided boodle obtained by defrauding the county. He said general instructions were given the book-keepers for the firm of Schnelder & Co. to double the prices of all articles supplied by the firm to the different county institutions. A bogus of books was kept in to fully carry out the frauds. This set was made up to correspond with bills rendered for the articles supplied to the county. Some of the bills

had to be dated ahead and others away back. Some of the bills passed by the board on the same day and false books were prepared in order that they could be used in evidence in case of having to bring suit against the county to re-cover the amounts of the bills. Schneider explained his partnership with McDonald and McGarigle, and identified numerous bills which the boodlers had rendered against Cook County. He will continue Fifty beeves and one hundred sheep were roasted at Cheltenham beach to-

lay for the barbecus held by the National Butchers' Association. Fully thirty-two hundred pounds of meat were roasted and six pits, each forty feet long and six feet deep were required for the fires. All the butchers attending the conven tion here went to the barbecue, and also nearly all the butchers in the city. The event attracted a great throng of spectators, and at one time there were more than twenty thousand people present. The butchers and their friends had a loyal good time ut the barbecus, with feasting, speech-making and various ubilations, and returned to the city late

one o'clock this morning fire was discovered in the car stables of the Belt Line railroad, occupying the block bounded by Fifty-third and Fifty fourth streets and Tenth and Eleventh avenues. The fire spread so so which that the form invite the whole avenues. The fire spread so quickly that in a few minutes the whole of the vast building was ablaze. The immense quantity of feed and other inflammable material supplied pienty of fuel for the flames to work their will upon. which they did with disastrous effect. Three alarms were speedily sent out and two ambulance calls, because it was at first supposed that some lives were lost. This, however, so far as is known at present, is fortunately not the case.

The building was a five-story structure. and covered a square block, reaching back to Eleventh avenue. The upper stories were occupied by the repair shops and combustible material, which blazed as soon as touched by fire. The offices were situated in the south-east corner. They were in flames so quickly that there was no chance to save the books of the company. Only ten horses and two cars were saved.

At two o'clock the walls of the building fell in with a crash, sending millions of sparks and blazing pieces of wood high in the air.

The call of the three sixes had been made as soon as the fire chief arrived at the scene, and engines from all parts of the city, with the water tower and the

and ladder companies, were rapidly com-ing. The heat from the burning building was so great that several firemen and we policemen were prostrated.

At 1:45 a.m., the flames, sided by the strong, high winds which were prevailing, had leaped across the wide avenue and communicated to the whole block on the east side, between Fifty-third and posed of six-story tenement houses and a posed of six-story tenement houses and a coal yard. The terror-stricken tenants poured out of the building like a swarm of bees, praying, fighting, cursing by turns. The scene of terror was indescrible. The buildings burned rapidly, though the fronts facing the avenue were of brown stone. By 2:30 o'clock they were completely gutted.

The flames spread to the entire square block over to Ninth avenue.

At 2:30 a. m. the next block below had caught fire and was blazing flercely. The streets in the vicinity for blocks away were filled with frightened, crying and weestricken tenants fleeing from the ravages of the flames. The fire attracted thousands of awe-stricken spectators. The loss to the Belt Line people is probably not less than \$400,000. It is estimated now that the entire loss will be over

\$1,000,000 The tenement houses were thickly peopled. Every floor had from four to five families. All were poor people who will lose all their property. It is not known how the fire originated.

So far as known there has not been any loss of life. A number of men slept in the car stables. Ambulances have been sent to the scene to be ready if neede I. Owing to the distance of the fire in the upper part of the city it is difficult to get particu-3:30 a. m -A telephone message just re-

CINCINNATI, May 27 -At 1:40 a.m., city time, the general fire alarm called help to the burning street car stables, near the site of the old Brighton House. The stable is nearly four hundred feet long and contained about one hundred and fifty horses. About a hundred and fifty loose horses came stampeding frantically through the centre of the city, from which it is inferred that a large number of horses have been saved. There is still a possibility of a loss of \$100,0 0 to \$200,000 if the stable is destroyed. Annual Reception. Supt. E. A. Gastman and wife, as has been their custom heretofore, will give a reception to-night at their home in honor of the 32 members of the 1887 graduating class, the High School faculty and the members of the Board of Education. The guests will number about 50.

Bought a Farm.

A. Gilliland, the lucky L C. R. R. station agent at Moswequa who drew \$15,000 in a southern lottery, has bought the V. Snyder, jr., 280 acre tract of land near Moawequa, 60 acres of which are in the town, for \$16,800, making a payment of \$13,800 cash. The purchaser gets all the crops and other revenues after June 1st. The farm is well improved.

A Change. We learn that Frank Haley is soon to retire from the hotel baggage and transfer business. John Pridemore will probably be his successor. He will enlarge the usefulness of the transfer line and make calls to any part of the city.

PERSONAL MENTION.

R. Liddle is still alive.

S. Ritchie, of Warrensburg, visits Deeatur nearly every day.

Jacob Trontman, west of town, who has been seriously ill, is convalescent. C. C. Carter arrived this morning from Indianapolis, Ind.

Geo. W. Downing got home this morning from a business trip to New York, Pennsylvania and Ohio.

Mayor Kanan has been called to Albany, N. Y., to attend the funeral of his sister who was past 60 years of age. Mrs. Charles Laux and daughter, Miss Josie, arrived home from Washington City this morning.

Tom Fields, the corner candy merchant, is the father of a new boy, born Wednesday, weight only 3½ pounds. Lawyer W. T. Cussins was attorney for Larry Leonard who got the judgment for about \$5,000 damages for injuries re-ceived at the Niantic coal mine.

I. M. Cornthwait and Smith Crowder left last evening for Spokane Falls, Washington Territory. If they see an oppor tunity to invest they will do so.

W. C. Rowe, the North Water street coal dealer, will be remembered by quite a number of Decatur people as once a carrier for the Decatur Morning Sun.

Rev. T. W. Pinkerton became quite ill last evening, resulting largely from over-work and toothache torture in connec-tion with the state convention. A needed rest will bring him around all right Prof. Gay Waters who addressed the

convention last night in a scholarly man-ner, is pastor of the Christian church at Centralia, where he will deliver the ora-tion on Decoration Day. He was fornerly connected with the St. Louis Post Dispatch, in a reportorial manner.

Appointed.

Governor Oglesby has made the following appointments of honorary commissioners to represent the interests of the State of Illinois in the centennial exposition of the Ohio valley of central states, to be held at Cincinnati:

John Ullrich, of Decatur. Col. Fred C. Pierce, of Rockford. Orville A. Snedeker, of Jerseyville Daniel Berry, of Carmi. Lorenzo Bull, of Quincy.

V. H. Parke has leased his property south of the tabernacle to Geo. S. Durfee & Bro., for a term of five years. Mr. Parke will take possession of the rag house building which will be the head-quarters of the City Coal Company which bought the Niantic mine.

Lecture To-Night. All Sunday school workers and the people generally are reminded that Prot. J. H. Wright will deliver his lecture on Bible Lands at the Christian church, this evening giving a large number of stereopticon views to illustrate the sub-ject. Admission 25 cents; children un-

der thirteen years, 15 cents. MAUDE ATRINSON held her own as usual last night and brought out a large and appreciative audience to see and applaud "Fanchon, the Cricket." The company draws the ladies every night. A better show for the money never struck Decatur.

the family had decided to go West, and the expressions of regret on losing such kind neighbors and true friends have been zeneral. A testimonial picnic in their honor was given at Oakland Park yesterday afternoon, which was a thoroughly delightful affair. It afforded the more intimate friends of the family an oppor tunity to exchange farewells, and engage in merry-making generally. The party comprised Mr. and Mrs. J. W. Phillips and family, Mr. and Mrs. John A. Swearingen, Mr. and Mrs. F. M. Cox, Mr. and Mrs. John Armstrong, Mr. and Mrs. J. W. Butman, Mr. and Mrs. P. Loeb, Mr. and Mrs. I. A. Hamsher, Mr. and Mrs. Henry Elwood, Mr. and Mrs. F. W. Haines, Mr. and Mrs. W. D. Lewis, Mr. and Mrs. Harry Hayward, Dr. Hoskins and wife, Mrs. W. H. Gassaway, Mrs. M. E. Cook, Mrs. Browser, Mrs. E. W. Anderson, Mrs. Seiberling, Miss Wykoff, Charles Waggenseller and Miss Cora Brooks. Shortly after 5 o'clock a sumptuous banquet was spread upon the tables at Wood Bros. pavilion, and after the feast the party wound up the festivities by boarding the summer cars and taking a ride to the Union depot over the line, back to the city. In the departure of the Phillips family Decatur loses an energetic citizen and a good woman, while the Sons of Veterans have their ranks decreased by the removal of Logan. Mr. Phillips is best known as a representative of checkrower and agricultural implement firms. For a period of 12 years he was with the check-rower firm of Haworth & Sons, having charge of their house at Kansas City, Mo., 8 years as general manager. Later he represented Chambers, Bering & Quinlan, check-rower manufacturers, of Decatur, and the Walton Plow Company of Bloomington, Ill., as general manager at Kansas City. In future his homer will be at St. Joe. He will engage in the agricultural implement business at St. Joe, and also at Kansas City. Essay. In its account of the 8th annual convention of the Central Illinois Art Union held at that place, the Lincoln Herald of this week says: "Mrs. V. G. Hatch, of Decatur, read a paper on Practical Modeling. The paper was a strong plea for the practical cultivation of art, as means of developing the finer tastes and sensibilities of the rising generation of American children. Some practical ef fort in this direction is necessary to pave the way for the coming American School of Art, which one day must correspond with our Nation's greatness in political scientific and commercial spheres. The paper was conched in chaste and beautiful language, and was read in a distinct and sympathetic voice that held attention and approval to the end."

LANSDOWNE TALKS.

The Governor-General on the Fusheries Question-Confidence in the People. TORONTO, Ont., May %.—The National Club last evening entertained the Mar-quis of Lansdowne. In reply to the toast in which the club honored him, the Gov-ernor-General made a long address which was frequently applicated and interrupt-

assemble to be sherry question, he said:

"I have no indiscreet revelations to make; in fact, I may say that the papers which have recently been made public contains a perfectly full and unreserved history of these transactions. That history is an unsatisfactory on the length of time during which this dispute has remained unadjusted, to those who believe, as most of us no doubt do, that we are bound, not only by illegating the length of the control of

siderations of self interest, but by the close ties of kinsbip and origin, which unite us to our brethren on the other side of the frontier, to cultivate the most neighbority and amicable relations with them. I must be a source of pain, I would almost say of humiliation, that we should for so many months have hear markets advance of the control of t SAFE, permanent and complete are the cures of bilious and intermittent diseases made by Prickly Ash Bitters. Upon the other hand, it is, I think, satisfactory to know through Health and vigor are obtained more rapidly and permanently by the use of this great natural antidote than by any other remedy heretofore known. As a blood purifier and tonic it brings health, representations of the state of th out those intricate transactions we have kept in line and been well sustained by the Imperial Government, and that upon the imperial covernment, and that upon no material point affecting any principle of importance has any substantial difference of opinion arisen between us and it, "In spite of all that has happened. I may say—and I speak with some knowledge of the facts—that both governments have ACHES and PAINS.

Shown the greatest anxiety to avoid any local action likely to increase the tension of feeling existing upon the appt. The case is eminently one in which each side ought to make some allowance for the other. If there is irritation among the New England fishermen, we must not forget that the circumstances of the case render such irritation perfectly natural, and that we have to deal with a large body of men who for many years past have been in the habit of resortions.

In regard to imperial federation for Canada, Lord Lansdowne had seen no iefinite scheme on which he could express his opinion. To ask a young country, which needs every shilling of its revenue. for the development of its own resources, to sink millions in fortification and armanents would, he thought, be a most in-

equitable proposal.

In conclusion the Marquis spoke of the kind and hospituble reception he had me-with, and said: "Your conduct has in fact, once and for all, established that the Queen's representative in Canada, so lor as his conduct in his official capacity ha act been impugned, so long as his cor tuck is any other capacity has not been methods in the Legislature, either of Canada or his own country, may safely leave his public or hi private reputation in the custody of your people. DESCATUR, I.L., March 16th, 1887.

To the Afficted who oney see this:
For more than thirty years of my life I have suffered from that annoying affiction known as itehning piles. Those similarly troubled know what that means. Last fail a friend recommended to me a remedy discovered and prepared by Mr. John Ryan, of this city. A few weeks use of Dr. Ryan's remedy has afforded entire, and I believe permanent relief. A relief, the satisfaction and comfort of which I casnot express. I had tried for years the prescriptions of the best physicians I could consult and numerous popular remedies without relief. I most cheerfully commend Mr. Ryan's remedy to those who are suffering the like form of disease.
